Aims and Scope

Journal of Water and Health is a new peer-reviewed journal devoted to the dissemination of information on the health implications and control of waterborne microorganisms and chemical substances in the broadest sense for developing and developed countries world wide. This is to include microbial toxins, chemical quality and the aesthetic qualities of water.

Contributions will be published on the health-related aspects of the following areas:

Epidemiology

Risk assessment

Detection and ecology of pathogens in the environment

Water and wastewater treatment

Disinfection

Disinfection by-products

Indicators of water and waste quality

Regulatory issues and standard development

Water quality surveys and assessments

Monitoring

Microbial toxins (including cyanobacteria)

Chemical and physical quality of water as it affects health

Endocrine disruptors

Taste and odour

Impacts of water quality on food quality

Impact of climate change on water quality

Water-based diseases

Water-based insect vectors of disease

Water policy and health

Health effectiveness of water management

Submission

All manuscripts should be submitted electronically through our Online Submission and Peer Review System:

<http://www.editorialmanager.com/jwh>. Authors should prepare their papers in accordance with the current *Instructions for Authors*, available at <http://iwaponline.com/content/instructions-authors>, or from the Editorial Office at the address given inside the back cover.

US Mail Identification Statement

Journal of Water and Health is published six times a year in February, April, June, August, October and December. The annual subscription price for 2017, including postage, is given on the inside back cover. Full details of subscriptions (including electronic access) can be obtained on request from the distribution agents, Turpin Distribution Ltd, at the address given on the inside back cover. IWA Publishing is a company registered in the UK, no. 3690822.
