

# Journal of Water and Health

A Journal of the International Water Association

volume 17 | issue 6 | December 2019

## Contents

- 845 Factors influencing the relationship between fluoride in drinking water and dental fluorosis: a ten-year systematic review and meta-analysis  
**M. H. Akuno, G. Nocella, E. P. Milia and L. Gutierrez**
- 863 Survey on bacterial contamination of bidet toilets and relation to the interval of scrubbing these units  
**Akira Tsunoda, Yoshihito Otsuka, Akihiro Toguchi, Kumiko Watanabe, Ryou Nishino and Tomoko Takahashi**
- 870 Implementation and evaluation of the water safety plan approach for buildings  
**Isabelle Schmidt, Bettina Rickert, Oliver Schmoll and Thomas Rapp**
- 884 Maternal urinary levels of trichloroacetic acid and association with adverse pregnancy outcomes  
**Funanani Mashau, Esper Jacobeth Ncube and Kuku Voyi**
- 896 Translating pathogen knowledge to practice for sanitation decision-making  
**Innocent K. Tumwebaze, Joan B. Rose, Nynke Hofstra, Matthew E. Verbyla, Isaac Musaaazi, Daniel A. Okaali, Rose C. Kaggwa, Irene Nansubuga and Heather M. Murphy**
- 910 Antibiotic resistance genes removal and membrane fouling in secondary effluents by combined processes of PAC/BPAC-UF  
**Lihua Sun, Pengfei Shi, Ning He, Qiwei Zhang and Xi Duan**
- 921 Solar water disinfection with parabolic and flat reflectors  
**Audrey Beattie, Heather Dillon, Cara Poor and Ryan Kenton**
- 930 Multi-drug resistance traits of methicillin-resistant *Staphylococcus aureus* and other Staphylococcal species from clinical and environmental sources  
**Adegboyega O. Oladipo, Oluwatosin G. Oladipo and Cornelius C. Bezuidenhout**
- 944 Examining the factors related to bacteriological testing of private wells in Southern Ontario  
**Mohamed Ugas, David L. Pearl, Shawn Zentner, Dana Tschritter, Wendy Briggs, Donna Manser and Lise A. Trotz-Williams**

**World Health  
Organization**

- 957 Measurement of gross alpha and beta activity concentration in groundwater of Jordan: groundwater quality, annual effective dose and lifetime risk assessment  
**Ahmad Hussein Alomari, Muneer Aziz Saleh, Suhairul Hashim, Amal Alsayaheen, Ismail Abdeldin and Refaat Bani khalaf**
- 971 Occurrence and molecular characterization of Torque teno virus (TTV) in a wastewater treatment plant in Tehran  
**Shadi Tavakoli Nick, Seyed Reza Mohebbi, Seyed Masoud Hosseini, Hamed Mirjalali and Masoud Alebouyeh**
- 978 Watershed integrity and associations with gastrointestinal illness in the United States  
**Jyotsna S. Jagai, Alison K. Krajewski, Monica P. Jimenez, Mark S. Murphy, Scott G. Leibowitz and Danelle T. Lobdell**
- 989 Linking water quality monitoring and climate-resilient water safety planning in two urban drinking water utilities in Ethiopia  
**Harold van den Berg, Bettina Rickert, Seada Ibrahim, Kasa Bekure, Hailu Gichile, Seble Girma, Altaseb Azezew, Tadesse Zegeye Belayneh, Solomon Tadesse, Zeleke Teferi, Firehiwot Abera, Samson Girma, Tesfaye Legesse, Daniel Truneh, Gretta Lynch, Ingmar Janse and Ana Maria de Roda Husman**
