Aims and Scope

Journal of Water and Health is a new peer-reviewed journal devoted to the dissemination of information on the health implications and control of waterborne microorganisms and chemical substances in the broadest sense for developing and developed countries world wide. This is to include microbial toxins, chemical quality and the aesthetic qualities of water.

Contributions will be published on the health-related aspects of the following areas:

Epidemiology
Risk assessment
Detection and ecology of pathogens in the environment
Water and wastewater treatment
Disinfection
Disinfection by-products
Indicators of water and waste quality
Regulatory issues and standard development
Water quality surveys and assessments
Monitoring
Microbial toxins (including cyanobacteria)
Chemical and physical quality of water as it affects health
Endocrine disruptors
Taste and odour
Impacts of water quality on food quality
Impact of climate change on water quality
Water-based diseases
Water-based insect vectors of disease
Water policy and health
Health effectiveness of water management

Submission

All manuscripts should be submitted electronically through our Online Submission and Peer Review System:
<http://www.editorialmanager.com/jwh>. Authors should prepare their papers in accordance with the current *Instructions for Authors*, available at https://iwaponline.com/jwh/pages/Instructions_for_authors or from the Editorial Office at the address given inside the back cover.

US Mail Identification Statement

Journal of Water and Health is published six times a year in February, April, June, August, October and December. The annual subscription price for 2020, including postage, is given on the inside back cover. Full details of subscriptions (including electronic access) can be obtained on request from the distribution agents, Turpin Distribution Ltd, at the address given on the inside back cover. IWA Publishing is a company registered in the UK, no. 3690822.
