## Aims and Scope

*Journal of Water Reuse and Desalination* is an international journal publishing peer-reviewed papers on the science and technology, policy, regulation, social and economic aspects and applications of sustainable sources of water to cope with water scarcity, including new sources of non-conventional water. *Journal of Water Reuse and Desalination* publishes review articles, theoretical and experimental research papers, new findings and issues related to non-potable and potable water reuse applications and desalination. The journal welcomes contributions from developing and developed countries.

The journal includes, but is not limited to, the following topics:

### Water Reuse and Desalination Management

- Public health
- Environmental health
- Regulatory policies
- Water reuse planning/desalination planning
- Risk management
- Public perception/education and outreach
- Economic aspects of water reuse and desalination

### Water Reuse and Desalination Sustainability

- Environmental impacts and mitigation (greenhouse gas emissions)
- Food-Energy-Water Nexus
- Integrated resources planning/water supply resiliency
- Reuse in developing countries

### Water Reuse and Desalination Applications

- Agricultural reuse
- Environmental restoration
- Greywater, stormwater treatment and reuse
- Municipal, industrial, and environmental non-potable reuse applications
- Augmentation of surface and ground water sources
- Potable water reuse applications
- Desalination technology for seawater and brackish water
- Brine management and technology

## Submission

All manuscripts should be submitted electronically through our Online Submission and Peer Review System: <http://www.editorial-manager.com/jwrdr>. Authors should prepare their papers in accordance with the current *Instructions for Authors*, available at <http://iwaponline.com/content/instructions-authors>, or from the Editorial Office at the address given inside the back cover.

## US Mail Identification Statement

*Journal of Water Reuse and Desalination* is published four times a year in March, June, September and December.
