Contents

Review Paper
1 Challenges for the future of urban sanitation planning: critical analysis of John Kalbermatten’s influence
Ruth Kennedy-Walker, Barbara Evans, Jaime Amezaga and Charlotte Paterson

Review Paper
15 The uneven progress of sanitation in India
Arabinda Ghosh and Sandy Cairncross

23 Economic efficiency of sanitation interventions in Southeast Asia
Guy Hutton, U-Primo Rodriguez, Asep Winara, Nguyen Viet Anh, Kov Phyrum, Liang Chuan, Isabel Blackett and Almud Weitz

37 Removal of selected microorganisms using silver-impregnated and coated, low-cost, micro-porous, ceramic water filters
Jean Simonis, Muzi Ndwandwe, Albert Basson and Tlou Selepe

43 When water is scarce: the perception of water quality and effects on the vulnerable
Hamdiyah Alhassan and Paul Adjei Kwakwa

51 Exploring the methodology of participatory design to create appropriate sanitation technologies in rural Malawi
Ben Cole, John Pinfold, Goen Ho and Martin Anda

62 Viscous heating analysis of simulant feces by computational fluid dynamics and experimentation
Jagdeep T. Podichetty, Md. Waliul Islam, David Van, Gary L. Foutch and A. H. Johannes

72 Power earth auger modification for waste extraction from pit latrines
Tate Weston Rogers, Francis L. de los Reyes III, Walter J. Beckwith and Robert C. Borden

81 Modeling of pathogen inactivation in thermal septic tanks
T. Koottatep, S. Phuphisith, T. Pussayanavin, A. Panuvatvanich and C. Polprasert

89 Sustainability of water, sanitation and hygiene interventions in Central America
Raquel I. Sabogal, Elizabeth Medlin, Gonzalo Aquino and Richard J. Gelting
100  Participatory multi-criteria evaluation of alternative options for water supply in cyclone-prone areas of Bangladesh
   Abu Hena Mustafa Kamal Sikder and Mashfiqus Salehin

108  Health in perspective: framing motivational factors for personal sanitation in urban slums in Nairobi, Kenya, using anchored best-worst scaling
   Carl Johan Lagerkvist, Suvi Kokko and Nancy Karanja

120  School-based intervention: evaluating the role of water, latrines and hygiene education on trachoma and intestinal parasitic infections in Ethiopia
   Bizu Gelaye, Adera Kumie, Nigusu Aboset, Yemane Berhane and Michelle A. Williams

131 Beyond ‘improved’ towards ‘safe and sustainable’ urban sanitation: assessing the design, management and functionality of sanitation in poor communities of Dar es Salaam, Tanzania
   M. W. Jenkins, O. Cumming, B. Scott and S. Cairncross

142 Planning for water and sanitation in the residential suburbs: the case of Aligarh City, India
   Abha Lakshmi Singh and Md. Zahir Abbas

Short Communication
153 Prefabricated biogas reactor-based systems for community wastewater and organic waste treatment in developing regions
   S. Cheng, Z. Li, H.-P. Mang, X. Liu and F. Yin

Short Communication
159 Development of Haiti’s rural water, sanitation and hygiene workforce
   Brian Hubbard, Gabriella Lockhart, Richard J. Gelting and Fabienne Bertrand

Practical Paper
164 Developing behaviour change communication for improving faecal sludge management in Bhutan
   G. Halcrow, T. Yetsho, N. Nguyen and G. Tshering

Practical Paper
171 Development of indicators for measuring outcomes of water safety plans
   Gabriella Lockhart, William E. Oswald, Brian Hubbard, Elizabeth Medlin and Richard J. Gelting

Practical Paper
182 Rights-based indicators regarding non-discrimination and equity in access to water and sanitation
   Urooj Quezon Amjad, Georgia Kayser and Benjamin Mason Meier
