Contents

1 A multidimensional measurement of the health impact of community-based water treatment systems in Uganda
   Jeffery L. Deal, Henry Massa, Kristen Check, Christiana Naaktgeboren, Alyson M. Malone and Jeffrey Rozelle

9 Choosing bottled over tapped: drinking water in the Dominican Republic
   John D. McLennan

17 Evaluation of the quality of service of the water supply delivery in Lebanon
   Ali Karnib

28 Development of improved low-cost ceramic water filters for viral removal in the Haitian context

39 Microbial quality of domestic water: following the contamination chain in a rural township in Kenya
   Pauline W. Macharia, Paul T. Yilla, Wairimu A. Muia, Denis Byamukama and Norbert Kreuzinger

50 First stage of the French vertical flow constructed wetland system: experiments with the reduction of surface area and number of units
   E. S. Manjate, L. C. O. Lana, D. C. Moraes, G. R. Vasconcellos, G. R. M. Maciel and M. von Sperling

56 Effective pathogen removal by low temperature thermal pre-treatment and anaerobic digestion for Class A biosolids production from sewage sludge
   Daniel De los Cobos-Vasconcelos, Maria Elena Villa-Pastra and Adalberto Noyola

64 Blue Diversion: a new approach to sanitation in informal settlements
   Tove A. Larsen, Heiko Gebauer, Harald Gründl, Rahel Künzle, Christoph Lüthi, Ulrike Messmer, Eberhard Morgenroth, Charles B. Niwagaba and Bernhard Ranner

72 Faecal sludge drying beds: increasing drying rates for fuel resource recovery in Sub-Saharan Africa
   Alsane Seck, Moritz Gold, Seydou Niang, Mbaye Mbéguére, Cheikh Diop and Linda Strande
81 Characterization of a bioflocculant produced from the consortium of three marine bacteria of the genera *Cobetia* and *Bacillus* and its application for wastewater treatment
A. M. Ugbenyen, N. Vine, J. J. Simonis, A. K. Basson and A. I. Okoh

89 Access to improved sanitation facilities in low-income informal settlements of East African cities

100 Modelling the fill rate of pit latrines in Ifakara, Tanzania
Lindsay C. Todman, Miriam H. A. van Eekert, Michael R. Templeton, Marie Hardy (née Kelly), Walter T. Gibson, Belen Torondel, Faraji Abdelahi and Jeroen H. J. Ensink

107 Hand washing practices of the residents of Silesia (Poland) based on observations in public toilets
Jolanta Malinowska-Borowska, Magdalena Wolny and Marcin Krause

115 Psychosocial stress associated with sanitation practices: experiences of women in a rural community in India
Siddhivinayak Hirve, Pallavi Lele, Neisha Sundaram, Uddhavi Chavan, Mitchell Weiss, Peter Steinmann and Sanjay Juvekar

127 Drinking water infrastructure in the Ashanti Region of Ghana: developing a model for sustainable interventions by non-governmental organizations

136 A critical evaluation of Rwanda’s potential to achieve the millennium development goals for clean water and sanitation
Pamela Abbott, Aimé Tsinda, Roger Sapsford and John Rwirahira

143 Domestic private fecal sludge emptying services in Cambodia: between market efficiency and regulation needs for sustainable management
Clément Frenoux and Alicia Tsitsikalis

Practical Paper
156 eSOS® – emergency Sanitation Operation System

Short Communication
165 Co-composting of fecal matter in Mongolia using two different technologies
Ibrahim Babatunde Mahmood, Zifu Li, Sayed Mohammad Nazim Uddin, Heinz-Peter Mang and Jörn Germer
