Contents

Review Paper
1 Challenges of public water provision in Nigerian cities: a review
Odafivwotu Ohwo

Research Paper
13 Source identification of fecal contamination in the canals in Bangkok using fecal sterol compounds
Supattra Srijew, Wilai Chiemchaisri, Chart Chiemchaisri and Hiroyasu Satoh

Research Paper
23 Evaluation of treatment potential, biogas generation and sludge properties of an anaerobic claridigester
Khalid Muzamil Gani, Muntjeer Ali, Shri Om Singh and A. A. Kazmi

Research Paper
32 Field trial of an automated batch chlorinator system at shared water points in an urban community of Dhaka, Bangladesh
Nuhu Amin, Yoshika S. Crider, Leanne Unicomb, Kishor K. Das, Partha Sarathi Gope, Zahid Hayat Mahmud, M. Sirajul Islam, Jennifer Davis, Stephen P. Luby and Amy J. Pickering

Research Paper
42 Evaluation of household drinking water filter distribution programs in Haiti
Justine Rayner, Anna Murray, Myriam Joseph, Ariel Branz and Daniele Lantagne

Research Paper
55 High fluoride drinking water in Gokwe, northwest Zimbabwe
Antony Mamuse and Ron Watkins

Research Paper
65 Reactor performance and pathogen removal during wastewater treatment by vermifiltration
Sudipti Arora and A. A. Kazmi

Research Paper
74 Public health risk assessment tool: strategy to improve public policy framework for onsite wastewater treatment systems (OWTS)
Peter Emmanuel Cookey, Thammarat Koottatep, Peter van der Steen and Piet N. L. Lens
Research Paper
89 Semi-quantitative estimation of *Escherichia coli* levels in public drinking water sources in northern Haiti
Daniel I. Gerges, William G. LaPlant, James N. Hyde, Harold Previl and Janet Forrester

Research Paper
96 Passive evaporation of source-separated urine from dry toilets: UES optimization and dry product accumulation over time
David N. Bethune, Angus Chu and M. Cathryn Ryan

Research Paper
104 In-toilet disinfection of fresh fecal sludge with ammonia naturally present in excreta
Temitope A. Ogunyoku, Fikreselam Habebo and Kara L. Nelson

Research Paper
115 Sewage treatment efficacy and heavy metal removal in moving bed biofilm based treatment plants of northern India
Khalid Muzamil Gani, Muntjeer Ali, Ankur Rajpal, Hitesh Jaiswal and Absar Ahmad Kazmi

Research Paper
121 Focus group discussions among the Bai in China to inform a social marketing campaign for sanitation promotion
Mary Kathryn Dickey, Robert John, Helene Carabin and Xiao-Nong Zhou

Research Paper
132 Negotiating hygiene and sanitary behaviors in transnational contexts: examples of Nigerians in the UK
Emmanuel M. Akpabio

Research Paper
142 Inequitable allocation of deep community wells for reducing arsenic exposure in Bangladesh

Research Paper
151 Understanding women’s decision making power and its link to improved household sanitation: the case of Kenya
Mitsuaki Hirai, Jay P. Graham and John Sandberg

Research Paper
161 Measuring willingness-to-pay for water and sanitation by people living with HIV and AIDs in South Africa
Ephias M. Makaudze

Research Paper
170 Study of national rural drinking water programme implementation during last five years (from FY 2010–2011 to 2014–2015) in state of Madhya Pradesh, India
Abhishek Parsai and Varsha Rokade

Practical Paper
184 Needs and vulnerability assessment (NAVA) indicators for specific hazards in the context of Sri Lanka
Aslam Saja and Prasad Bhagwan Sevekari
