

# **Journal of Water, Sanitation and Hygiene for Development**

A Journal of the International Water Association

volume 08 | issue 2 | June 2018

## **Contents**

### **Review Paper**

- 127 Beyond the MDG water target to universal water coverage in Ghana: the key transformative shifts required  
**Isaac Monney and Prince Antwi-Agyei**

### **Review Paper**

- 142 Reliability of water supplies in low and middle-income countries: a structured review of definitions and assessment criteria  
**Batsirai Majuru, Marc Suhrcke and Paul R. Hunter**

### **Review Paper**

- 165 'Top-down' planning for scalable sustainable sanitation in high-density low-income urban areas: is it more appropriate than 'bottom-up' planning?  
**Duncan Mara**

### **Review Paper**

- 176 The cost of urban sanitation solutions: a literature review  
**Loïc Daudey**

### **Research Paper**

- 196 Understanding water-related emotional distress for improving water services: a case study from an Ethiopian small town  
**Vincent Thomas and Samuel Godfrey**

### **Research Paper**

- 208 The impact of pro-poor interventions on the performance indicators of a water utility: case studies of Nakuru and Kisumu  
**T. J. Kemendi and M. Tutusaus**

### **Research Paper**

- 217 Estimating the impact of climate change on residential water use using panel data analysis: a case study of Lilongwe, Malawi  
**Chikondi Makwiza, Musandji Fuamba, Fadoua Houssa and Heinz Erasmus Jacobs**

**Research Paper**

- 227 Towards sustainable urban sanitation: a capacity-building approach to wastewater mapping for small towns in India

**N. C. Narayanan, Isha Ray, Govind Gopakumar and Poonam Argade**

**Research Paper**

- 238 Investigating wastewater flow from a gated community to disaggregate indoor and outdoor water use

**J. L. Du Plessis, B. Faasen, H. E. Jacobs, A. J. Knox and C. Loubser**

**Research Paper**

- 246 Sludge removal enterprises in Indonesia: factors affecting entrepreneurial success

**Jeremy Paul Kohlitz, Rokhima Rostiani, Nurul Indarti, Janina Murta and Juliet Willetts**

**Research Paper**

- 257 Volatile fatty acids build-up and its effect on *E. coli* inactivation during excreta stabilisation in single-stage and two-stage systems

**Joy Riungu, Mariska Ronteltap and Jules B. van Lier**

**Research Paper**

- 268 Association of septic tank and sand filter for wastewater treatment: full-scale feasibility for decentralized sanitation

**Luana Mattos de Oliveira Cruz, Adriano Luiz Tonetti and Bianca Graziella Lento Araujo Gomes**

**Research Paper**

- 278 Do household surveys estimate tap water use accurately? Evidence from pressure-sensor based estimates in Coimbatore, India

**R. Apoorva, Durba Biswas and Veena Srinivasan**

**Research Paper**

- 290 Scaling up rural sanitation in Tanzania: evidence from the National Sanitation Campaign

**Anyitike Mwakitalima, Khalid Massa, Amour Seleman and Telemu Kassile**

**Research Paper**

- 307 Tracking user satisfaction of rural water services in northern Ghana

**T. C. Kumasi and Benjamin Dawurah Agbemor**

**Research Paper**

- 319 Communal latrine utilization and associated factors in Addis Ababa, Ethiopia: a community-based cross-sectional study

**Elizabeth Girma Kefeni and Walelegn Worku Yallew**

**Research Paper**

- 325 The role of decentralized municipal desalination plants in removal of physical, chemical and microbial parameters from drinking water: a case study in Bushehr, Iran

**Vahid Noroozi Karbasdehi, Sina Dobaradaran, Farshid Soleimani, Hossein Arfaeinia, Mohammad Javad Mohammadi, Mozghan Keshtkar and Roghayeh Mirahmadi**

**Research Paper**

- 340 Evaluation of the factors affecting water-saving attitudes of urban life on the verge of the next century: a case study of the Mediterranean region of Turkey

**M. Goksel Akpınar, Mevlut Gul, R. Figen Ceylan and Sinem Gulcan**

**Research Paper**

- 349 Residual chlorine behavior in a distribution network of a small water supply system

**Andrés Araya and Luis D. Sánchez**
